Annual Schedule of Tuition and Payments - Private Instruction Suzuki Program

Notes:

Continuing Students vs. New Students

The payment plan below is based upon an on-going annual schedule for continuing students who pre-register in advance in order to secure their space for the upcoming academic year. New students should submit Payment One prior to the first lesson (upon initial confirmation of teacher assignment) and the office will provide a follow-up statement summary showing date of next payment due and a revised, pro-rated annual tuition based on date of first lesson.

Discounts

- ~ Discounts will be applied prior to the *final* annual payment.
- ~ To qualify for the 10% sibling discount, each student must be enrolled for a minimum of 16 weeks.
- ~ Deduct \$20 from your entire invoice if paying in full by November 1st.
- ~ If you have siblings enrolled and are paying in full by November 1, contact Elaine Rynders for an adjusted invoice reflecting sibling discounts.

Late Fees; Refunds; Termination of Lessons

- ~ A \$10 late fee will be added to your invoice for payments received 5 or more working days after the due date.
- ~ Payments outstanding after a payment due date may result in termination of lessons by the office without advance notice.
- ~ If choosing to withdraw after pre-registering but prior to Sept. 1, family will incur the cost of four private lessons. The registration fee is non-refundable.
- ~ If choosing to withdraw after Sept. 1, family must provide to the front office 4 weeks written notice. The invoice will be adjusted accordingly. The student may choose whether or not to take the four remaining lessons.
